

YOUR PAYMENT PROCESSING SOLUTION

JAMS group *Automotive*

Smart Payment Services for Automotive
Businesses

JAMS
group

Automotive

At JAMS group, we understand the unique needs of
your automotive business.

From **integrated payment solutions** to real-time financial reports,
JAMS group offers tools specially designed for dealerships, repair
shops, and bodywork centers.

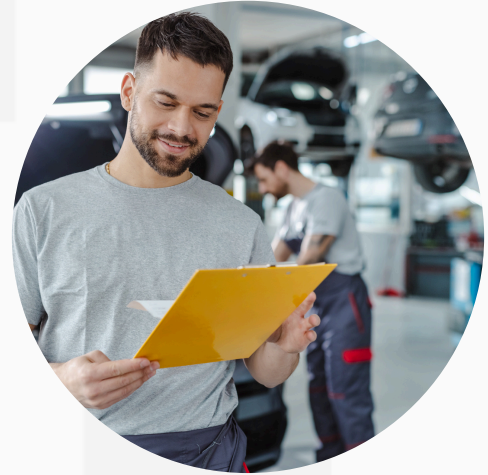

Take your automotive
business to the **next level**

With our technological solutions, you can
focus on what truly matters: improving
customer service, optimizing your processes,
and making decisions based on real data.

What your business needs to stand out

INTEGRATED PAYMENT SOLUTIONS

Manage card payments, mobile payments, and multiple channels from a single, secure, and efficient platform.

AUTOMATED FINANCIAL REPORTS

Get real-time visibility of sales, services, revenue, and performance through clear and customizable reports.

EFFORTLESS ACCOUNTING INTEGRATION

Sync your POS system with your accounting and payroll software to avoid errors and data duplication.

TOTAL CONTROL OF YOUR OPERATIONS

Track inventory, cash flow, service appointments, and productivity from any device.

Your tech ally in the automotive world

Our solutions are tailored to the pace and needs of dealerships, mechanic shops, and specialty centers seeking higher profitability, better control, and modernization.

Ready for the future of automotive commerce

We develop tools that prepare your business for tomorrow's challenges:
**automation, predictive analytics,
and true digital transformation.**
